WORK & VOLUNTEER EXPERIENCE

Digital Knowledge Analyst at Northeastern's IT Services

September 2025–Present

- Audit **260+** knowledge base articles monthly for accuracy, readability, and style consistency, ensuring technical documentation serves diverse university audiences.
- Identify and resolve content gaps through direct user feedback analysis, revising articles to improve usability and following up with users to validate solutions meet their needs.

UX Designer at Northeastern University Sandbox

August 2025–Present

- Conduct competitive analysis and user research to inform user flows for an open-source recruitment platform, collaborating with **faculty client** and engineering team to translate requirements into design solutions.
- Developing and iterating **wireframes** for multi-role user workflows, including admin dashboards, recruiter assessment interfaces, and candidate evaluation experiences.

Marketing & Communications Co-op at NU ITS

January–June 2025

- Maintained and revised **10+** university websites using WordPress, ensuring **WCAG 2.1** compliance and implementing responsive design improvements for mobile users.
- Wrote and maintained **50+** blog pages on tech and AI topics hosted on **WordPress**, improving publishing efficiency and content clarity.
- Designed interactive social media assets for ITS events, improving user engagement by 10%.

PROJECTS

[NEIGHbor: a Farmers Horse Coffee app](#)

September 2025

- Leading **end-to-end UX research** for a mobile app concept to enhance connection at Farmers Horse Coffee, conducting **4+ user interviews** and synthesizing qualitative findings into personas, journey maps, and interaction flows that challenged initial assumptions about user needs.

Reimagining Project: [Microsoft 365](#) and [Teams](#)

April 2025

- Led redesign and development of two critical NU IT websites as part of a comprehensive Microsoft 365 migration project, improving information architecture and user experience for the University community while ensuring **brand compliance** and **accessibility standards**.

[Note Mode - A Canvas Intervention](#)

November 2024

- Designed and prototyped a Canvas LMS extension in **Figma** featuring interactive annotations and reflection prompts, conducting user research and usability testing with 12+ students that achieved **90%** positive feedback and identified key opportunities for learning engagement.
